Ad idem monaſterium in templo St. Johannis maculæ duæ rubræ magnæ, ſanguineæ dicuntur, quæ duos homines cum brachiis explicatis quodammodo referre putantur, ad turrim intra in excelſis ſpectandæ; ac in præſenti adhuc adſunt videndæ, uti proſum ſitet. Traditio eſt ſequens: Duo pueri in templi ſtallis ſedentes, ac durante ex cathedra ſacro ſermone divino, tempus chartis luſoriis ſubtrahentes, a malo apprehenſi ſpiritu & ad turrim projecti; ex qua ſuperſtitione, ſi relata vera, hæ cruentæ in facie maculæ relictæ remanentur.

Lipſiaſi ſignum monumentorum vid. Epiſt. Itiner. XLIX. pag. 84. Narrationes vulgatæ de hac ſolea ferrea equina ad St. Nicolai templum ſunt fictæ & falſæ. Hoc autem verum eſt. Ante perplures annos circa templum St. Nicolai cœmeterium fuit, in quo ſupremus quidam fabrorum magiſter ferrarius ſepultus fuit, cujus in honorem & memoriam reliqui operarii magnam ſoleam ferream equinam, qualem non raro fabri ferrarii ad officinas ſuas ſuſpenſam habent, in ſaxum ſepulchrali poſuerunt. Cum vero poſtea, incolarum urbis numero de die in diem aucto, cœmeterium domibus fuerit ornatum, ſepulchra plane abolita ſunt; hæc vero ſolea in memoriam templi muro affixa & cancellis ferreis munita fuit,

Monumentum quoddam lapideum [illegible] [illegible] inſcriptione ſepulchrali notatur,
